

# Creating Extraordinary Travel Experiences Around the World

Based in Washington, D.C., Insider Expeditions is a boutique travel company that creates one-of-a-kind travel programmes for partners and clients, providing them with experiences that align perfectly with their unique passions and interests. The company strives to seamlessly blend adventure, luxury, and social impact to deliver sojourns that are like no other. Recently, Insider Expeditions has been recognised in LUXlife's Leaders in Luxury Awards 2024, receiving the prestigious title of Best Bespoke Custom Trip Curation Company, USA.

In 2008, Insider Expeditions was established by Founder Carleton Shephard, an experienced investment advisor and ambitious entrepreneur. Having previously embarked on a cross-country bicycle ride for Habitat for Humanity, he was inspired to provide others with the same sense of community, impact, and adventure that he felt during this journey. Initially, Insider Expeditions focused on delivering group experiences at the intersection of these three factors. However, the company later evolved to offer a wider range of experiences, encompassing everything from affordable yoga retreats to high-end seven-star expeditions.

Today, Insider Expeditions strives to redefine how people choose to travel, setting new standards for authentic exploration and extraordinary experiences. To do this, it works towards three key missions, which are to create unmatched adventures for its clients, foster genuine connections with people and places, and have a positive impact on the world's communities. The company's focus on these goals underpins its commitment to sustainability, responsible tourism, and social impact; it is proud to have raised millions of dollars for non-profits and community organisations.

Insider Expeditions is committed to serving all kinds of travellers, no matter their age, budget, or travel goals. As a result, it boasts a highly diverse client base, consisting of thrill-seeking adventure enthusiasts, discerning luxury lovers, avid sports fans, and more. The company maintains a focus on personalisation, striving

to understand each client's unique interests and passions in order to provide them with the perfect experiences. This means that no two expeditions are the same, each distinctly different and genuinely once-in-a-lifetime. This dedication to delivering bespoke trips, alongside its meticulous attention to detail, sets Insider Expeditions apart from the rest.

Insider Expeditions is equipped with a dedicated team of creative experience designers. True masters of their craft, these individuals are the incredible minds behind the company's outstanding adventures; their hard work plays a crucial role in the success of the business. In hiring, Insider Expeditions strives to recruit those who demonstrate a passion for crafting remarkable experiences, a keen eye for detail, and genuine enthusiasm for exploring the world. Furthermore, the company maintains a positive internal culture centred around collaboration, creativity, and a shared commitment to its missions, which significantly contributes towards the team's ability to deliver seamless logistics and fulfil clients' requirements.

As a result of its outstanding work, Insider Expeditions has received a plethora of positive reviews from satisfied clients. For example, Glenn Blumhorst, President & CEO of the National Peace Corps Alumni Association, comments, "We have taken our very experienced travellers to six countries with Insider Expeditions and can't wait for the next one! These trips are awesome, highly curated, and very special."

Similarly, Erica Wine shares, "I have travelled on over ten trips with my university alumni group, but I have to say this was the best. It was tailor-made, we had great engagement with fellow local alumni, and I felt like you really went above and beyond to make it tailored to our group."

Overall, it is clear that Insider Expeditions is the perfect travel partner for those with an unquenchable thirst for the most luxurious, unique, and extraordinary experiences that the world has to offer. For this reason, it is no surprise that the company has been named Best Bespoke Custom Trip Curation Company, USA, in the Leaders in Luxury Awards 2024.

In the years to come, Insider Expeditions intends to explore the possibility of creating unique experiences that involve musicians, sports celebrities, and social-impact entrepreneurs, giving fans the opportunity to travel with their idols. It also plans to continue evoking a sense of curiosity and joy within its clients by empowering them to explore uncharted territories and discover the world's hidden treasures.
